

# HOW TO SEARCH CRIME STATISTICS

*A step by step guide to assist with researching up to date crime statistics within your community using the website:*

To begin, click the link below or type the web address below into your browser:

<https://communitycrimemap.com/>

# 1. BEGINNING YOUR SEARCH

Enter a specific address including :

- Block Number
- Street Name
- City
- State
- Zip Code

You can also enter Stockton, CA in the **“Jump to City”** to review crime statistics throughout the entire city.

The screenshot displays the RAIDS ONLINE interface, powered by BARR ANALYTICS. The main area features a map of the United States with state boundaries and names visible. On the left side, there is a search panel with the following sections:

- Search Address:** A text input field containing "140 Pennsylvania Ave, Washington, DC 20004" and a "Go to Address" button.
- JUMP TO CITY:** A dropdown menu with the text "Start typing or click the arrow..."
- BUFFER:** A section with a "Off" checkbox and a "5 miles" dropdown menu, and a checkbox for "Only display events within buffer".
- Date Range:** A section for selecting a date range.
- Event:** A section for selecting an event type.
- Offenders:** A section for selecting offender types.
- Analytic Layers:** A section for selecting analytic layers.
- Agency Layers:** A section for selecting agency layers.
- About RAIDS Online:** A section for more information.

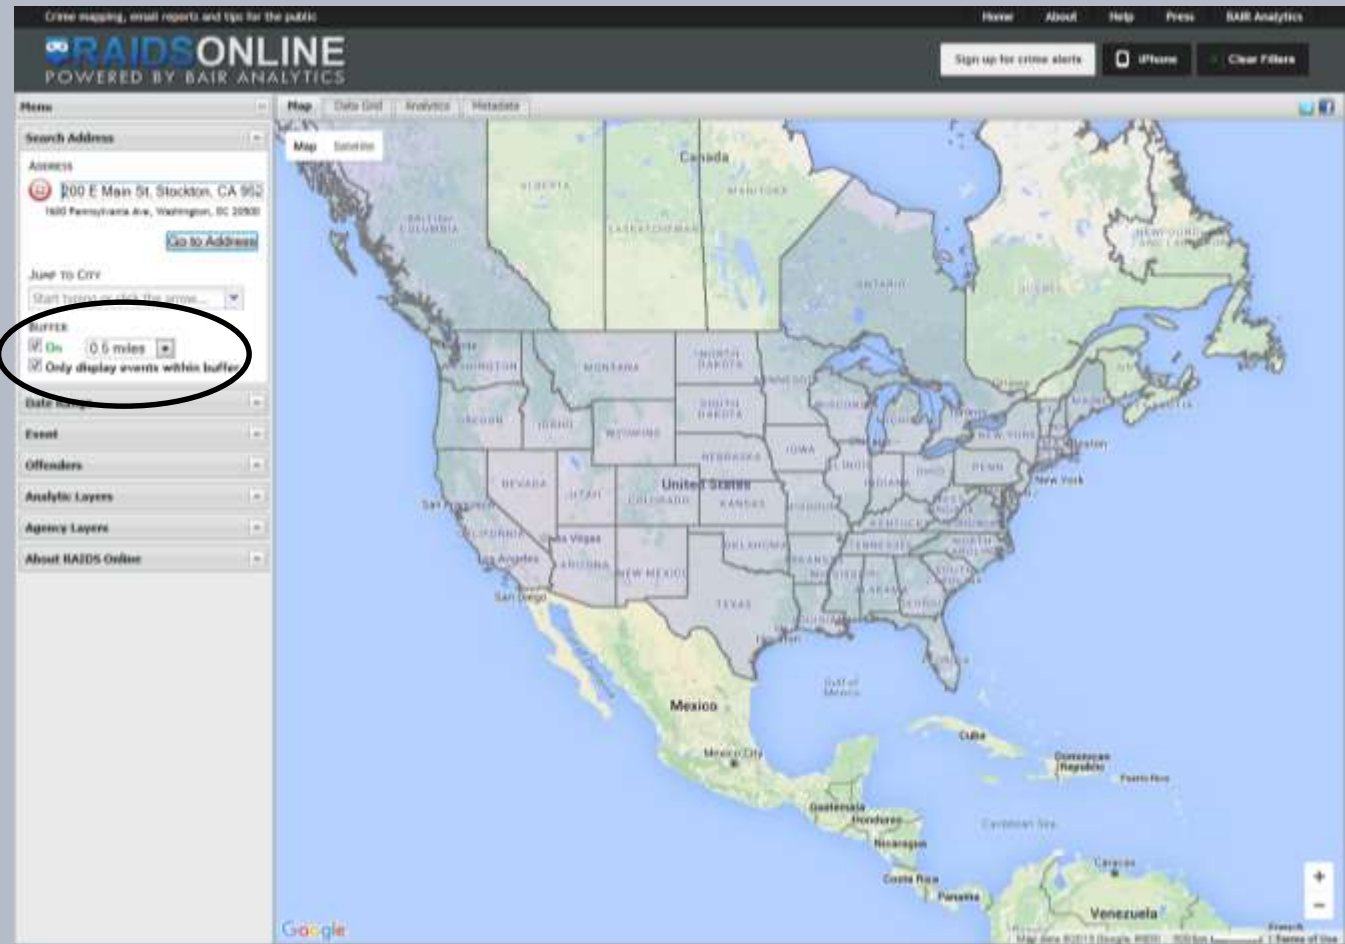

At the bottom of the interface, there is a footer that reads "RAIDS Online is best viewed in Internet Explorer 9+, Firefox, and Chrome." and "Powered by BARR ANALYTICS".

# 2. CREATING SEARCH BOUNDARIES

Using the **“Buffer”** allows you to search crime statistics within a specific geographic area.

This will provide insight to what types of crimes are occurring within your community.

The radius of your search can expand out as small as 500 feet and as large as five miles.

# 3. SELECTING A DATE RANGE:

There are three options:

1. Use the **“Quick Date”** drop down box with has a range beginning at 3 days and ends up to one year.

2. Use the **“Date Range”** tool and enter a specific *Start Date* and *End Date*.

3. Check the **“View points using time slider”** box. A *time slider* tool will appear to help you choose a date range.

The screenshot displays the RAIDS ONLINE interface with a map of the United States. A 'Date Range' dialog box is open, showing three options: 'QUICK DATE' (a dropdown menu), 'DATE RANGE' (with 'Start Date' and 'End Date' input fields), and a checkbox labeled 'View points using time slider'. A second 'Date Range' dialog box is shown below, featuring a time slider and the date range '8/24/2015 - 9/17/2015'. Arrows from the text on the left point to these specific UI elements.

# 4. SELECTING EVENTS

The “*Event*” tab allows you to select which report types you would like to see.

You can select all of the call types or narrow your search neighborhood specific call types such as residential burglaries.

The screenshot displays the RAIDS ONLINE web application interface. At the top, it features a navigation bar with links for Home, About, Help, Press, and BMR Analytics. A sign-up button for crime alerts and a mobile app icon are also present. The main content area is divided into a left sidebar and a central map. The sidebar, titled 'Event', contains a list of 25 event categories, each with a checkbox and a small icon. The categories include: Homicide, Attempted Homicide, Death Investigation, Sexual Assault, Sexual Offense - Other, Robbery - Commercial, Robbery - Individual, Aggravated Assault, Assault - Other, Burglary - Commercial, Burglary - Residential, Theft, Fraud, Shoplifting, Theft - Other, Motor Vehicle Theft, Burglary from Motor Vehicle, Arson, DUI, Alcohol Violation, Drugs / Narcotics Violation, Disorderly Conduct, Traffic Incident, Vandalism, Weapons Violation, All Other - Non-Criminal, and All Other - Criminal. Below the list are buttons for 'Select All' and 'Deselect All'. The central map shows North America with state and provincial boundaries. The map is titled 'Map' and includes a 'Data Grid' tab. The bottom of the interface contains a footer with 'Terms of Use', 'Law Enforcement Only', and a note that the application is best viewed in Internet Explorer 9+, Firefox, and Chrome. The footer also includes the text 'Powered by BMR Analytics'.

# 5. GETTING RESULTS

For this particular search, I chose the following criteria:

- **Address:**  
200 E Anderson St,  
Stockton, CA
- **Buffer:** One Mile
- **Date Range:** 28 Days
- **Event:** Burglary-  
Residential

Now its time to select:

[Go to Address](#)

... and review our search results.

The screenshot displays the RAIDS ONLINE interface, powered by BAIR ANALYTICS. The search criteria are as follows:

- Address:** 200 E Anderson St, Stockton, CA
- Buffer:** 1 mile
- Date Range:** 28 days (Start Date: 08/25/2013, End Date: 09/22/2013)
- Event:** Burglary - Residential

The interface includes a map of the United States with a blue circle indicating the search area around Stockton, CA. The event list on the left shows 'Burglary - Residential' selected. The URL at the bottom is <http://raidsonline.com/>.

# 6. EXAMINING THE RESULTS

This search produced five occurrences based on our search criteria.

- The map displays multiple symbols representing where the calls have occurred geographically.
- You can click each symbol for more detail regarding each particular incident.
- The Black circle represents the 1 mile Buffer we selected.

The screenshot displays the RAIDS ONLINE interface, powered by BAIR ANALYTICS. The main map shows a street view of Stockton, CA, with a 1-mile buffer (indicated by a black circle) around a specific location. A callout box provides details for a 'Burglary - Residential' incident:

- IR Number: 150033200
- Crime: BURGLARY RESIDENTIAL
- Location Type: RESIDENTIAL-HOUSE
- Date: 08/27/2015
- Time: 1:10 AM
- Public Address: 12XX E CHURCH ST
- Accuracy: Address
- Distance: 0.63 miles
- Agency: Stockton Police Department
- Note: This point has been randomly offset at the request of the agency to protect victim privacy.

The interface includes a search bar, filters, and a list of events on the left side. The search criteria are: Address: 200 E Anderson St, Stockton, CA 95209; Date Range: 08/25/2015 to 09/22/2015; Event: Burglary - Residential.

# 7. OTHER VIEWING OPTIONS

Click the **Data Grid** layer to view your statistics from a spread sheet style format.

Please keep in mind that exact location info is omitted to maintain the property owners/victims privacy.

The screenshot displays the RAIDS ONLINE interface, powered by BAIR ANALYTICS. The interface includes a search bar, filters, and a data grid. A callout box points to the 'Data Grid' tab, which is currently selected. The data grid shows a list of incidents with columns for Class, Incident, Crime, Date / Time, Location, Address, Accuracy, and Agency. The data is filtered to show burglary incidents in Stockton, CA, from September 2015.

Class	Incident	Crime	Date / Time	Location	Address	Accuracy	Agency
BURGLARY - RESIDENTIAL	150034154	BURGLARY - RESIDENTIAL	Sep 08, 2015 9:30 AM	RESIDENTIAL-HOUSE	8XX S LINCOLN ST	Address	Stockton Police Department
BURGLARY - RESIDENTIAL	150033740	BURGLARY - RESIDENTIAL	Sep 04, 2015 9:00 AM	RESIDENTIAL-HOUSE	1XX E ANDERSON ST	Address	Stockton Police Department
BURGLARY - RESIDENTIAL	150034504	BURGLARY - RESIDENTIAL	Aug 29, 2015 5:00 PM	STREET, HIGHWAY, ALLEY	S HARRISON ST W SONORA ST, STOCKTON	Address	Stockton Police Department
BURGLARY - RESIDENTIAL	150032818	BURGLARY - RESIDENTIAL	Aug 26, 2015 4:45 PM	RESIDENTIAL-APARTMENT	8XX S HUNTER ST #B	Address	Stockton Police Department
BURGLARY - RESIDENTIAL	150033260	BURGLARY - RESIDENTIAL	Aug 27, 2015 1:10 AM	RESIDENTIAL-HOUSE	12XX E CHURCH ST	Address	Stockton Police Department

# 8. LOCATING CRIME TRENDS

Click the **Analytics** layer to display the results of your search through a series of four graphs:

- Crime Class by percentage
- Crime type by day of the week.
- Crime Class Timeline
- Day of the week by hour

This type of analytic data is similar to what Crime Analysts use to establish crime trends.

# IN CLOSING

- Recognizing various Crime Trends can make criminal behavior predictable based on location, time of occurrence and other factors.
- Having current crime statistics readily available, along with possible suspect descriptions can ultimately lead to an arrest of a habitual offender.
- Being knowledgeable of up to date crime statistics will help you keep your community informed.
- Helping us keep a watchful eye on what is occurring in your neighborhood will help us serve you more effectively.
